For Delta Manufacturing Limited (formerly Delta Magnets Limited) would be Indore and Latur, respectively. The futures contracts, expiring between March and September 2021 will be available for trading at the time of launch.

NCDEX. said: "India's resurgence in the quality-sensitive Asian and European soybean meal markets, as in exports, raises the need for domestic producers and exporters to have a proper risk management tool in local currency. I am confident this contract will serve the purpose across the soybean value chain."

According to SOPA, soymeal exports rose nearly six fold to 3.36 lakh tonne in January 2021, from 58,000 tonne in January last year. Indonesia, France and Germany were among top buyers of India's non-GMO soybean meal.Hi-Pro Soybean Meal is an animal feed with protein content of 50% or more as compared with around 46% in normal soymeal.

COMMERCIAL MINING

Additional 11 coal mines to be offered in auction

New Delhi, February 15

has added 11 new blocks to the list of the mines planned to be offered in the second tranche of commercial coal auctions. With new additions, as many as 75 mines with reserves of about 38,000 million tonne (MT) of the fuel, will tentatively be offered for commercial mining without any end-use restrictions.

After a modest response from investors in the first round of auction under the new commercial coal mining policy in November last year, the government has excluded mines falling in wildlife reserves and blocks in areas where there is more than 40% green cover to allay fears

regarding environmental norms. This would also be the second set of coal assets to be auctioned off through the new market-determined revenue share model that replaced the fixed fee/tonne regime that had earlier turned off private investors.

The mines offered in the upcoming auction are located in Chhattisgarh, Odisha, Jharkhand, Maharashtra and Madhya Pradesh. Mines currently under litigation or overlapping with active coal-bed methane

blocks have also not been included in the latest list. The government had identified 41 blocks for the first round of commercial coal auctions, but after objections from Maharashtra, Chhattisgarh and Jharkhand, only 38 mines were put on auction.

Even though financial bids were received for 19 mines in the first round, the success rate was better than the previous ten auctions under the earlier regime, where bids were received for only 35 mines out of the 116 offered.

The maiden auction under the commercial coal mining policy saw aggressive bidding by domestic and home-grown firms, with the highest premium received was 66.8% while the average premium quoted was 29%.
