## Coastal villages dip under water

PRATIP ACHARYA | Mumbai

Three days of uninterrupted rain has brought the maximum city to a standstill. Lives, especially of those residing near the coasts, continue to be on an edge. As it lashed the coast, coupled with a high tide, rain water entered the houses of those living in low lying villages adjoining the sea coast. Places such as Gorai, Madh, Manori and Marve were adversely affected due to the incessant rains. Rain water has entered almost every household, affecting property and livelihood. Most of the residents living in this area hail from the Gaothan or Koli community, who are mainly dependent on fishing. "Being close to the sea, the water overflowed and entered our

houses. Firstly, the roads and shops went under water. The water then entered residential parts," stated Murray Manaji, a resident. The houses in these places are in close proximity, which is why it became difficult for the residents to take shelter in nearby places. Almost all the houses were submerged under water. "The residential areas are very congested within narrow lanes. So, if water enters one house, it's bound to spread everywhere as well," Manaji stated. Gorai and Manori come under P-North ward of Mumbai's Brihanmumbai Municipal Corporation (BMC), which is amongst the wards with the

highest number of COVID-19 cases.

## Maharashtra government sounds flood alert in Kolhapur

SANJAY JOG | Mumbai

In view of the incessant rainfall across Maharashtra, Chief Minister Uddhav Thackeray reviewed the preparedness in all districts and asked the administration to be vigilant and provide relief to those affected. Already 16 NDRF teams have been deployed in various districts to assist the district administration in carrying out relief and rehabilitation.

The state government has also sounded a flood alert for Kolhapur district, following heavy rains in the past 48 hours. Kolhapur,

which was severely affected due to floods last year, is expected to witness heavy rains. The Panchganga River is flowing above the danger mark. The government has asked the people residing in the low lying areas to shift to safer places.

At the same time, the water level of Krishna River, in which the Panchganga merges at Shirole village, has also started rising.

The Kolhapur District Guardian Minister Satej Patil took stock of the situation and asked the administration to remain alert and prepared for any flood-like situation in the district.

Further, the Kolhapur district collector Daulat Desai urged the people living on the river banks to immediately move to safer places.

Moreover, Thackeray held discussions with the officials from the weather bureau, which had issued red alerts in Mumbai and around. Mumbai received 331.08 mm of rain from 8:30 am on Thursday, while the suburbs received 162.3 mm of rain since Wednesday. At the same time, the wind in the city was at a speed of 106 km per hour, while in other places the wind speed was 70 to 80 km per hour. Thackeray directed the

civic and local authorities to clear the roads by removing the trees fallen due to the gusty winds. He called the work of NDRF and Railway Police squads for evacuating 290 passengers stranded in suburban trains on Wednesday night. Thackeray praised the work of the National Disaster Response Force (NDRF) and the Railway Police team for evacuating 290 passengers stranded in two local trains near Masjid Bunder station in south Mumbai.

## Rains batter Thane, cripple daily life

**THANE:** Gusty winds and heavy downpour for the third consecutive day in Thane, threw road and rail traffic out of gear. The incessant rains on Wednesday and Thursday led to waterlogging and incidents of tree falls at several places in Thane, adding to the people's woes. The IMD issued a "Red Alert" for Thane on Thursday. The Thane Municipal Corporation (TMC) commissioner appealed to the citizens not to step out of their homes, unless there is any emergency. The continuous rain led to the overflowing of the Masunda Lake in Thane. "There was waterlogging at Naupada, Vrundavan society, Kapurbawdi, Ghodbunder Road, Kalwa, Hajuri and Kasarwadavli in Thane. Over 25 complaints of tree fall were reported on Thursday," said an official from RDMC (Regional Disaster Management Cell) Thane. "The renovation work of the safety wall along the Masunda Lake, towards Jambhali Naka has been carried out since last year. However, it was halted because of the lockdown. The incomplete construction work led to overflowing of the lake water on the streets. It caused inconvenience to the motorists," said Vignesh Maurya (30), a regular commuter from Thane. On Thursday, Thane recorded 164.29 mm of rainfall in the last 24 hours (as per morning update). The city received a total rainfall of 2018.99 mm. Last year, on the same day, Thane had recorded 2789.35 mm of total rainfall. -Priyanka Dhomse

## Cops cut trees with chicken choppers

**MUMBAI:** The Cuffe Parade police had to take choppers and axes in their hands after at least five huge trees, which fell amidst Wednesday's heavy rains, blocked the roads towards the World Trade Center (WTC). Many office goers, including several IPC officers, were reportedly stranded in the building. On Wednesday, heavy downpour and gusty winds lashed South Mumbai. The intensity of winds was so much that at least 100 tree uprooting incidents were reported in South Mumbai alone. The area of Cuffe Parade was severely affected by the Wednesday's rains as well. At least, five huge trees blocked the road to WTC from Dhanpal Junction, while the other road from GD Somani Marg was submerged under water. After many office goers and many senior police officers were stranded in their offices, the Cuffe Parade police took the tree clearing operation into their own hands. The police collected choppers from chicken shops and started cutting the tree branches on their own. The operation, which started at 3 pm, continued till 7 pm. After cutting the trees, police pulled all the heavy branches with the help of ropes and cleared the road for traffic. "Around 20 of our personnel, along with the locals, cleared the roads for traffic after several hours," said Rajkumar Dongre, senior inspector of Cuffe Parade police station. -Sachin Gaad

## Virtual hearings disrupted for second time in HC this week

NARSI BENWAL | Mumbai

For the second time this week, incessant rains in the city stalled the virtual hearings in the Bombay High Court on Thursday. The HC has adjourned its matters till Friday.

At least seven benches of the HC, including the one headed by Chief Justice Dipankar

Datta, adjourned the hearings till Friday due to 'acute shortage of staff' and the disruption of services owing to the rains. The HC administration notified the adjourning of matters by issuing a circular on Thursday morning. "Due to acute shortage of staff owing to disruption in train services, the regular

benches are unable to take up the matters on their respective boards. Judicial proceedings for the day (Thursday), thus, stand suspended," the notification reads. "Those matters on the board today will be taken up tomorrow, August 7, 2020, through video conference subject to the availability of

adequate number of staff and support system," it added. The bench headed by CJ Datta was to hear PIL highlighting the police torture and brutality meted out to citizens, who violated lockdown norms. The PIL highlighted two specific incidents, wherein two men died due to police assault.

## Day 1: NMMC malls open to shut down in 10 hours

### To curb virus, civic body decides to close malls, shopping complexes till August 31

PIC: BL SONI

AMIT SRIVASTAVA | Mumbai

The joy of going on a shopping spree to their favourite mall was short-lived for many residents of Navi Mumbai. Shopping malls that were closed for around four and half months due to pandemic were opened on Wednesday but downed shutters within 10 hours due to the torrential rains and low footfalls. Worse still, given the Coronavirus situation in Navi Mumbai, the Navi Mumbai Municipal Corporation (NMMC) has now decided to keep all malls and shopping complexes in their jurisdiction closed till August 31.

The civic body issued a new circular on Wednesday night and put on hold on its earlier decision that allowed opening malls and shopping complexes in the city under the Unlock 3. The civic administration claimed that people living outside of NMMC travelled to the malls there. "It was observed that many people were travelling from outside our limits to the mall. To avoid unreasonable crowding, the decision to open malls and shopping complexes has been put on hold," said municipal commissioner Abhijit Bangar. Under Unlock 3, the state government allowed the opening

## MLA urges MBMC to scrap odd-even formula for shops

**BHAYANDAR:** Shiv Sena legislator Pratap Sarnaik, on Thursday, urged the Mira Bhayandar Municipal Corporation (MBMC) chief Dr Vijay Rathod to rethink the odd-even formula for shops in the twin city. In his letter to the municipal commissioner, Sarnaik has cited the example of the neighbouring Brihanmumbai Municipal Corporation (BMC), which has done away with the odd-even system for shops, malls and market complexes, while inking specific guidelines for operations of gymnasiums. MBMC had allowed the reopening of commercial establishments in the twin city in the second phase of its unlock mode from July 19 by implementing the odd-even formula while doing out relaxations, which were inked in its earlier order promulgated on June 30. Under the odd-even system, shops can open on each side of the pavement on alternate days. "Unlike the grim scenario last month, which saw as high as 300 cases, the number of cases hover around 100. We have to gradually move towards opening the economy and the odd-even formula is a setback for traders who are reeling under losses for the past four months," said Sarnaik.

of shopping complexes and malls, except foot court inside the malls. Following the state government's directive, the civic body issued a circular and allowed the opening of malls in the city. According to civic administration, the NMMC is still battling with the coronavirus crisis in its jurisdiction. "The civic body is taking a number of measures to contain the spread. The number of active cases is already around 4,000 and if people from other areas travel to NMMC's jurisdiction, all efforts in containing the virus will go in vain," said another senior civic official. Meanwhile, on Wednesday, a record 1,113 people were cured and discharged from NMMC hospitals. So far, 19,143 people who had tested positive for Covid-19 have been cured with a 74% recovery rate in the city.
